

Welcome to the CIPFA South East June Newsletter.

Nick White
CSE Chair

A quick update on forthcoming CSE Events:

As you can see below, there is a huge increase in the number and range of events now offered to CSE members. This is a direct result of feedback about what you want from CSE and our decision to put in place the extra effort and resources to make this happen.

You will also see that we have spread the events around the region much more and I would ask you to support your local event if possible so that we can establish our regional hubs for the future.

We have recently held quite a few very successful and well attended events:

- ❖ [Spring Conference](#) which was completely full (and some)
- ❖ [Eye of the Storm](#) event generously hosted by Navigant,
- ❖ Career Development Workshop with CIPFA Businesses Ann Mcfadyan, and
- ❖ [Future of Public Audit Event](#) with Martin Evans of the Audit Commission.
- ❖ [Graduation Ceremony](#) for newly qualified members

Forthcoming events for your diary: [Book online](#)

- ❖ 30 June – [Public Finance in East Anglia](#) – Newmarket Race Course - all day CPD for only £65!
- ❖ 15-17 September – [Reading Summer School](#) – Wantage Hall
- ❖ 3 October – **Public Finance in Wessex** – Poole (with CIPFA South West)
- ❖ 11 October – **Annual Dinner** – Chancery Court Hotel Holburn

We are also aiming to hold more regional hub events in:

- ❖ Berkshire (29 June)
- ❖ Kent (mid September)
- ❖ East Anglia (Autumn)

Finally, a big thank you to all the volunteers who have made our most recent events such a huge success.

I look forward to meeting many of you over the summer at one of these.
